

Following are the new HIP measures as of April 9, 2007.

However some additions and adjustments to the existing measures have become pertinent and need to be introduced to the Plan:

1. The cost-sharing ceiling will be the same i.e. LL120000 per patient per year.
2. Co-payment on doctors' visits becomes LL6000 for HIP-NSSF members and LL8000 for HIP only.
3. Co-payment on ER visit LL8000.
